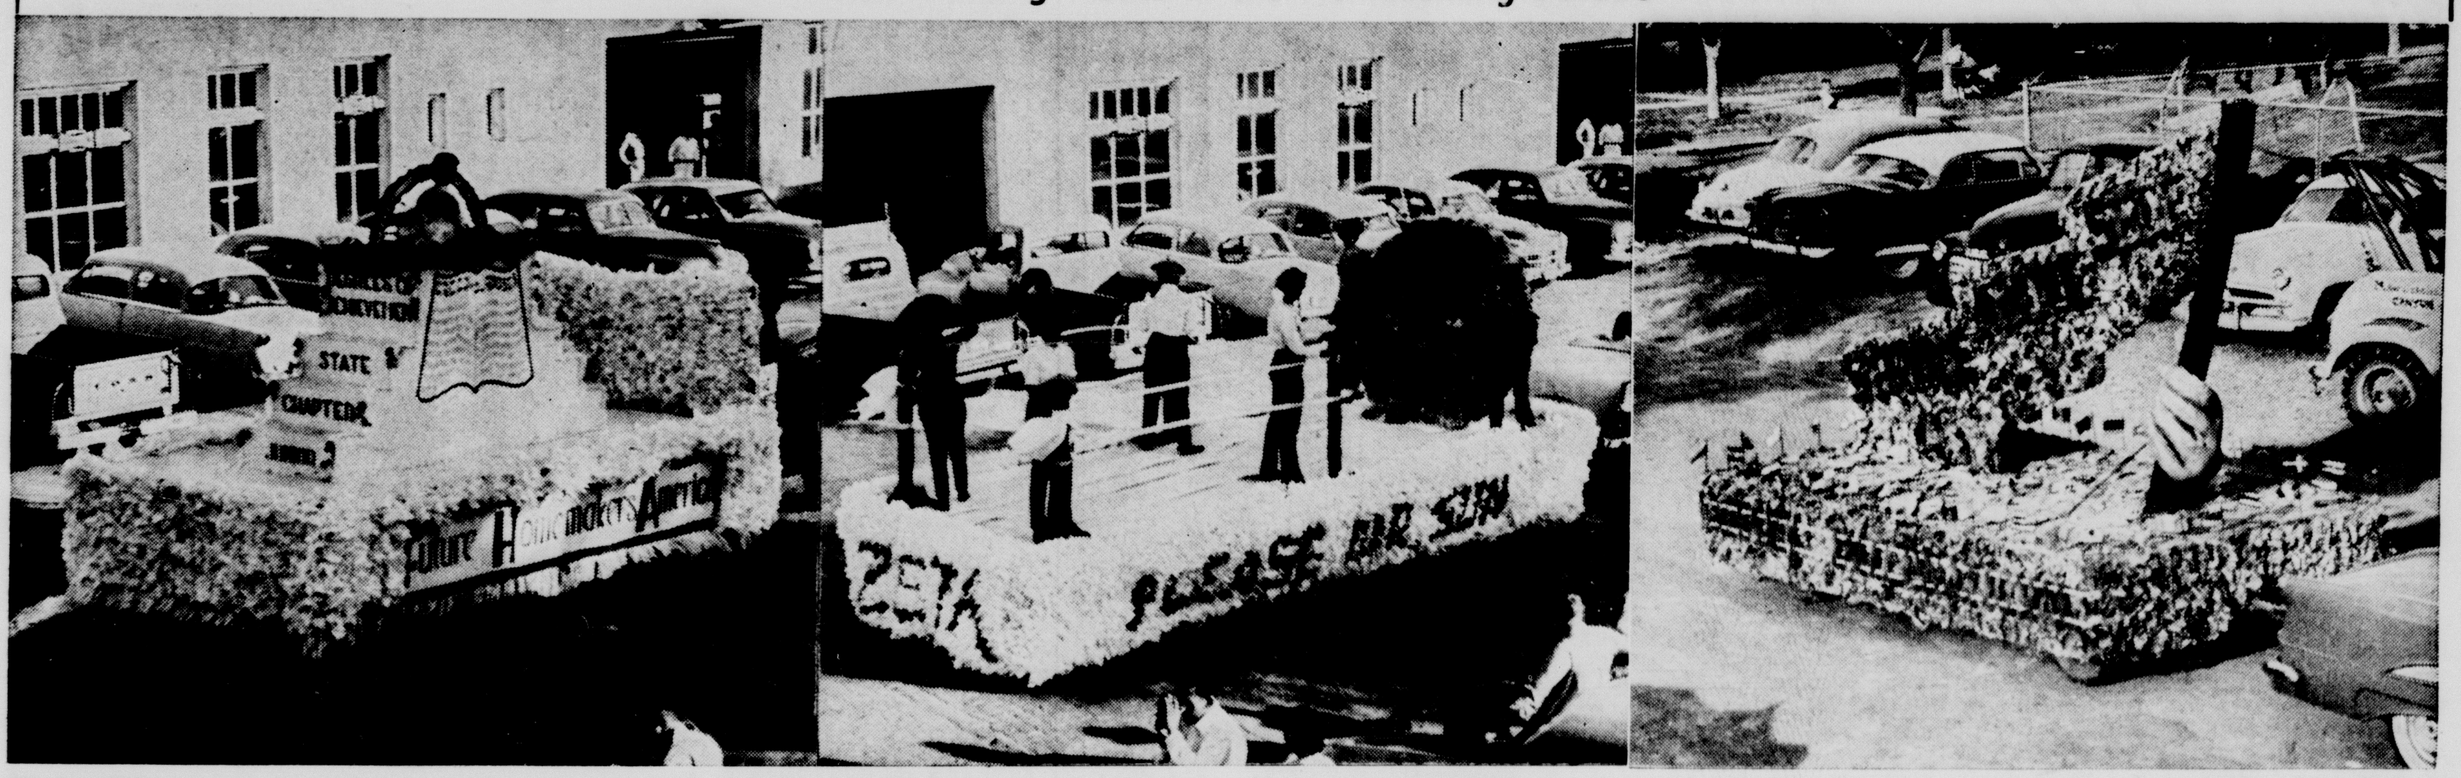
Prize-Winning Floats in the Homecoming Parade



Winning $25 cash prizes for first place in three divisions of the Homecoming parade Saturday were these floats. The Future Homemakers of America float, left, showed the steps members must take toward achieving the goals of creed and purpose. The Delta Zeta Chi float, winner in the college division, shown in the center, was a plea to the sun. The civic division winner was the Rotary Club float offering service.

CCYC Collects Milk Money

The Canyon Christian Youth Council will collect donations for the Christian Rural Overseas Project milk fund Halloween night in a house to house canvass.

Working in the project for the third year, the council will meet at 7 p. m. Monday at the Presbyterian church for devotional services.

The canvass will begin at 7:30 p. m. and last two hours. Following the drive, council members will have refreshments at the Presbyterian church.

The council has asked that those who are missed on the collection night contact the Presbyterian church.

Only cash is collected in the drive. The money is used to purchase powdered milk to be sent overseas.

Farm Resolutions Meeting Thursday

The Randall County Farm Bureau is sponsoring a county-wide resolutions meeting at 8 p. m. Thursday in the office at 1710 Fifth Avenue.

Alvin Friemel, chairman of the resolutions committee, has urged every farmer, rancher, poultryman, dairyman and those interested in agriculture to attend the meeting and participate in the discussion. The meeting is open to the public.

Friemel said the county bureau has a number of resolutions to submit at the state convention next month, including one on water.

Two resolutions submitted last year were adopted by the American Farm Bureau just as written by the Randall County group, Friemel said.

Mr. and Mrs. John Hunter visited relatives recently in Little Rock, and Fort Smith, Ark., and Mrs. Hunter's brother and sister in eastern Oklahoma.

P-TA Halloween Carnival Friday

The annual P-TA-sponsored Halloween Carnival will be topped with the crowning of a Halloween Queen during ceremonies at the end of the carnival in the high school Friday night.

Festivities will begin at 6:30 p. m. when the school cafeteria opens. In the cafeteria will be the P-TA food booth, the junior class snack bar and the American Legion hot dog stand.

The carnival doors will swing open at 7 p. m. with more than 20 booths scheduled. On tap will be a spook house with spine-chilling thrills and a dunking board.

The queen will be crowned about 9 p. m. in the auditorium.

Admission to the carnival is free, but a slight admission charge will be required for the coronation. Proceeds from the crowning will go to the annual staff and The Eagle's Tale.

Candidates for the queen are Joyce Ricketts, freshman, who will be escorted by Craig Hinger; Patricia Hardaway, sophomore, who will be escorted by Richard Burgess; Debra McDonald, junior, who will be escorted by Farrell Davenport; and Kay Hubbard, senior, who will be escorted by Melvin Cunningham.

Voting for the queen will be conducted between 6:30 and 8:45 p. m. Ballots are one cent each.

The P-TA shares in half of the net proceeds of the carnival.

Members of the P-TA Halloween carnival committee are Bill Sternenberg and James E. Miller, co-

ordinators, Mrs. A. K. Goodman, Mrs. Vearl Iverson, Mrs. Clara B. Long, Hubert Green, Bob Bellah, Joe Gibson, Lawrence Brotherton and E. R. Reeves.

Eagles Get Well With Open Date

An open date Friday is giving the Canyon Eagles a chance to recuperate for the injuries and illnesses that have kept the team from being at full strength in the last two games.

Coach Guy Harrison had only seven substitutes on the bench during the 26-7 win over Shamrock last Friday night. "We were fortunate we didn't sustain any more injuries last week," the coach said.

"We hope this will be a recuperative period for us. We were hurt offensively and defensively by injuries and illness against Shamrock," he said.

"We weren't too happy with the halftime score (12-7)," Harrison said. "We felt we should have gotten more points sooner."

The Eagles scored twice in the first quarter, once in the third and once in the fourth. Shamrock scored in the second quarter on a 76-yard run by James Cannon.

"That's the longest run for a touchdown against us this year. He shouldn't have made it because he had to run through six boys. He just slipped through," Harrison said.

Harlie Adams made the first Canyon touchdown on a 10-yard run around right end. Charles Neblett's conversion attempt was no good.

Garland Ruthart made the second score from the one-yard line and Neblett's conversion attempt was good.

Adams scored again in the third quarter on a short punch from the four-yard line and Neblett made

(Cont. on Back Page, Section 1)

Igor Gorin Concert Switched to Nov. 10

The concert of baritone Igor Gorin scheduled for Dec. 9 has been switched to Nov. 10 by the Canyon Community Concert Association.

The performance will begin at 8 p. m. in the college auditorium.

The association also announced reciprocal concerts available during the next month in neighboring towns.

On Oct. 30, John Carter, tenor, will appear in a matinee beginning at 2:30 p. m. in the Clark Auditorium in Shamrock. The auditorium is on North Main Street.

On Nov. 15, Bella Nagy, pianist, will be presented in the Plainview High School auditorium at 8 p. m.

On Nov. 18, Edwin Steffe, baritone, will appear in the R. E. Marshall Junior High School auditorium in Clovis.

Duck Season Opens Nov. 2

Duck season in the Panhandle opens Nov. 2 with expectations of one of the largest crops in years in sight.

The season ends Jan. 15, Game Warden Woody Pond said. The season on geese does not open until Nov. 17, he said.

Shooting hours for ducks will be from one-half hour before sunrise to sunset.

The daily bag limit on ducks is five including not more than one wood duck and not more than one hooded merganser. Possession limit is not more than 10 ducks.

Everyone over 16 must purchase a Federal stamp, available at the Post Office, before hunting ducks or geese.

The state law requires that a license must be purchased by those who hunt outside their county of residence, except anyone under 17 or over 64 are exempt. The license costs $2.15.

Anyone who leases out a lake or a portion of a lake for hunting purposes must have a shooting preserve license, Pond said. The license may be obtained by contacting him or the Game and Fish Commission.

Big Horn Sheep Planned in Area

While hunting season is in full swing, the Game and Fish Commission is looking ahead to future seasons.

Underway now is a project to stock Palo Duro Canyon and Briscoe County with Aoudad sheep from California.

The sheep are being trapped on the Hearst Ranch in California, and present plans call for them to be released in the spring. Some 15 animals will be turned loose.

Game Warden Woody Pond said the state of New Mexico released some of the sheep in the Canadian River breaks and had an open season this year. One buck killed in the hunt was reported to weigh 400 pounds, Pond said.

Window Contest Slated Saturday

The Chamber of Commerce will sponsor the second annual Window Painting Contest Saturday with cash prizes in three student divisions.

In the elementary school and junior high school division, prizes will be $2.50 for first, $2 for second, $1.50 for third, and $1 for fourth.

In the high school division, the first prize will be $5, with $2.50 for second. There will be no third and fourth prizes in the high school division.

The windows must be painted Saturday morning, according to chamber manager Roland Black. Judging will begin Saturday afternoon.

A student may contact downtown merchants for window space, or may be assigned a space by contacting Black. Contestants must furnish their own paint and materials.

When the window paintings are finished, the contestant must sign the painting in the lower right hand corner and put his school grade after the signature.

The signatures and the grades will be the only identification available for paying the prizes.

Paintings must be done with water-base paints. Any colors or designs may be used.

There were 15 entries in the first contest last year, Black said.

Mrs. Stephenson Taken by Death

Funeral services for Mrs. Minerva Jane Stephenson, 74, were conducted Monday in Seward, Neb.

Mrs. Stephenson, who had lived in Canyon since 1927, died at 12:40 a. m. Saturday in Neblett Hospital.

She was born Oct. 28, 1880, and was a member of the Lutheran Church. Prior to moving to Canyon she lived in Hereford.

Survivors include her daughter, Miss Albessa Stephenson, and a son, Charles Stephenson, both of Canyon.

Mr. and Mrs. A. B. Berry spent Sunday in Gruver with Mr. and Mrs. Richard Hefley and children.

Residential Addition Announced; Naming Contest Pays $100 Cash

The largest residential development in Canyon's history has been announced by Taylor-Foster Development Company for a 66-acre tract just east of Canyon and south of the Palo Duro Highway.

Along with the announcement of the development, the company has started a naming contest with a $100 cash prize for the winner.

"The development is being planned in view of the need for suitably restricted building sites in Canyon due to the present and anticipated growth," said Hosea Foster, a partner in the company with Taylor and Sons.

The company plans to start street work in the next three weeks. Sewer and water mains have been ordered by the developers, Foster said.

The addition will contain 192 lots and will be laid out with wide, curving streets. The developers plan that no lots will be less than 75 feet wide and the average width will be around 90 feet.

Glenn Hatfield, of Amarillo, is engineer for the project. The plan has been approved by the FHA, according to Jack Taylor.

The tract was purchased recently from the L. G. Conner Estate by Foster and Taylor and Sons. They had been negotiating for the land for several months, Taylor said.

Sales of lots will begin in the near future, according to the developers.

The development will be located on the land that was once the college golf course. It runs west from the top of the first hill east of Canyon to the city limits.

The naming contest announced by the company is open to anyone. Any number of entries may be mailed, and the deadline has been set at midnight Nov. 15, 1955.

The judges for the contest will be the development company, and they have announced that in case of ties the first entry received will be declared the winner.

The entries must be mailed to Box 749 in Canyon.

Top Rating Given County Steer at Fair

One prime steer rating, two choice and two high good ratings were awarded five Randall County youths who entered animals in the commercial steer show at the State Fair in Dallas last week.

Receiving the top rating, the prime steer, was Jack Metcalf.

Ratings in the choice class were awarded to Jerry Roberts and Charles Conatser. High good ratings went to Jimmy Hales and Roberts.

The commercial steer show had more than 500 entries, and was the largest ever held at the fair.

Prices for the steers sold by the county youths ranged from 26 to 35 cents.

Buffs Drop First on Long Pass; Work Toward Tech Game Sat.

West Texas State's surprising Buffaloes are faced with their biggest assignment of the season this week after dropping their first game Saturday night, a 19-18 squeaker to Hardin-Simmons in the annual Homecoming attraction.

It's Texas Tech Saturday night at Lubbock and the "neighborly" battle with the school to the south always produces a lot of fireworks. It will be an important Border Conference game and a West Texas loss would eliminate the Buffs as a contender.

Before a capacity crowd of 7,500, the Buffs lost a heart-breaker to Hardin-Simmons. Coach Frank Kimbrough's boys pushed the Cowboys all over the field but couldn't come up on the long end of the score.

The Buffs jumped into an early 12-0 lead midway in the first quarter but couldn't hold on to it. It was 12-7 at the half and by the end of the third period, Hardin-Simmons had a narrow 13-12 lead.

West Texas surged ahead again, 18-13, with 3:32 left in the game but Hardin-Simmons came back two plays later to take the lead again on a 53-yard pass play.

After a fine punt return by Joe Walden, the West Texans' talented senior left halfback, the hosts drove 46 yards for the first Buff touchdown.

Two big gainers in the march were a 17-yard pass from Bubba Hillman to Dub Cleveland and a 11-yard end run by halfback Charles Sanders that took the ball to the one.

Walden punched it over on the next play to hike his point total to 60 for the season.

After the kickoff, Hardin-Sim- took to the airlanes. However, Hillman intercepted a Ken Ford pass on the Hardin-Simmons 34 and returned it to the 27.

Walden made eight over left tackle and Sanders picked up seven to the 12.

The second Buff unit entered the game and quarterback Jack York ran the option play perfectly to go over standing up. The clock showed 3:02 left in the quarter.

With 4:10 left in the first half, Hardin-Simmons broke the ice in the scoring column. A six-yard pass from Ford to end Connie Baird on a fourth down situation was the clincher.

Joel Honeycutt's extra point attempt was good and that later proved to be the difference in the game.

With 4:25 remaining in the third quarter, K. Y. Owens, Hardin-Simmons fullback, broke up the middle and ran through the entire West Texas team for 50 yards and the second Cowboy touchdown.

It capped an 85-yard Cowboy drive after Orville Copeland of the Buffs had booted the ball out of bounds on the 15.

West Texas zoomed back late in the fourth quarter to regain the lead once again.

Copeland capped a 49-yard march by diving two-yards into the end zone. The extra point attempt was no good again after a bad snap from center.

Hardin-Simmons took the kickoff and two plays later had another score. It came on a long, floating pass from Ford to Honeycutt, who tucked in the ball on the West Texas 20 and went over standing up.

The extra point attempt was blocked but it didn't make any difference.

West Texas had a big edge in the statistics. The Buffs rolled up 20 first downs to 12 for the opposition and led in yards rushing, 249 to 137.

However, Hardin-Simmons completed 10 of 21 passes for 131 yards while West Texas connected on only 3 of 13 for 53 yards.

FINAL STATISTICS

H-SU		WT
12	First downs	20
137	Yards gained rushing	249
21	Passes attempted	13
10	Passes completed	3
131	Yards gained passing	53

EDITORIAL

Views and Comments

A little-noticed bill was introduced in Congress last session which called for establishing a library of weekly newspapers in Washington with a director to be paid some $12,000 a year. The library was ostensibly for the use of historians.

A poll of many weekly editors was conducted by *The American Press*, a magazine for hometown newspapers, and the outcome was 59 per cent against the bill to 38 per cent for it.

Some of the comments received by the magazine included:

"What a history—based upon inaccuracies and opinionated reports from all sections of the nation! Next would come a proposal to buy and file all the term papers of all students of political science in all colleges and universities."—Jack McCloskey, Hawthorne (Nev.) Independent News.

" . . . I doubt that such a compilation would make a remarkable contribution to the world of tomorrow." —Louis Graves, Nashville (Ark.) News.

"No! It is the responsibility of each paper to preserve its own back issues. We don't want or need any help from Big Brother!"—J. L. Wiggins, Hartsville (S. C.) Messenger.

The arguments presented for the library of weeklies were that they are the truest mirror of the people; the library would simplify historical research; it would be beneficial to many writers; the weekly is the background of American history; the library might help the lawmakers; daily papers are now saved, why not weeklies?; a central source of community history is needed; the library is the only way to know that historical records are never destroyed; it is a real chance for weeklies to get into records of posterity; and it would increase the prestige of weeklies.

All newspapers are required by the Post Office to maintain a file of back issues. Most send copies to a library, where files are kept.

The Canyon News goes to the West Texas State Library and to the Amarillo Public Library. In addition, a file is kept here in the plant.

Historical researchers who wish to know the day-to-day happenings of Canyon could find the files in any of the three places. If a researcher really wanted to know how things were a few years back, the best way would not be to consult a newspaper file.

Historians like what is called a primary source—that is, the people who actually did the things being recorded. Historians like to interview those people, if they are still living; they like to obtain the things those people wrote.

If the historical subjects are not still living, historians like to interview people who lived with them and who knew them intimately.

A weekly newspaper is filled with thousands of words that are useless garbage to any long-term historian. It is of no importance to history that Mrs. Jones' grandson was in town last week for a visit with her—it is only important right now to Mrs. Jones, her grandson and those who know one or the other or both.

The idea that a collection of the tremendous output of weekly newspapers should be kept in Washington seems like utter nonsense to us.

Some proponents of the idea say it would give the future an idea of how we lived, what we did and what our standard of living was. A collection of the catalogues of the major mail-order houses would do a better job, we think.

We doubt that the history of the nation can be charted through the writing in weekly newspapers. The history of a community can be followed in weeklies—and the best place to keep the files is in the community.

• • •

Somewhere in past years we got the idea that the traditional time for political announcements is Jan. 1—just as we got the idea that the traditional time for Christmas decorations and celebrations is around Christmas time.

But, here of late, both traditions have been moved up quite considerably.

Right now we've got several politicians who have all but put up their filing fees for the governor's office in Texas. And, at least one Democrat has said he's going to be a candidate for the nomination for President.

A considerable group of Southerners have started an organization which could be another splinter off the Democratic party.

We have a news release from a group called the Federation for Constitutional Government which announces that "leading citizens from 10 Southern States had agreed to become an advisory committee for a proposed nationwide organization dedicated to promote Constitutional Government . . . " and so on and on.

The dedication promises everything from the "preservation of the sovereign rights of the several states, and the preservation of individual liberties" to resisting "the nomination of leftist candidates for President and Vice President," to seeking "in every honorable and legitimate way to prohibit the practice and to counteract the effects and consequences of executive agreements or orders."

Included in the list of members of the advisory committee is J. Evetts Haley of Canyon.

Also on the list are Gov. Herman Talmadge of Georgia, Sen. James O. Eastland of Mississippi; Gov. Strom Thurmond of South Carolina, Gov. Coke Stevenson of Kimble County, and former Democratic National Committeeman Wright Morrow of Houston.

John U. Barr of New Orleans is the chairman of the interim executive committee of the group, and he announced that the first organizational meeting will be held in some Southern State in the "very near future."

He said the determination to organize came from a public plea in 1954 by Sen. Eastland who called for a national organization "not controlled by fawning politicians . . . to fight all conscienceless pressure groups."

An investment management firm executive, Emerson W. Axe of New York, has joined in the political swim—not as a politician, but as an erstwhile advisor.

There's a "news" release that purports to be an advisory on the state of business across the nation. But, it is so thinly disguised that it is really funny.

In the second paragraph it says that Axe, the president of his own firm, has found "economic conditions today favorable to a continued high level of business activity and confidence."

But, Mr. Axe warns against "a change in administration and its unfavorable effect upon business sentiment in a state of the economy message to the investing public."

Mr. Axe runs the Democrats down by saying that after "six of the eight Democratic victories, common stock prices declined more or less seriously and in all but one of these six instances, there was also a decline in general business activity."

The release was headed with "E. W. Axe & Co., Inc.," where we feel it should have been "Republican National Committee."

Ticklers By George

"You want a word with my wife? I'd like to hear anyone have a word with her!"

News In Canyon 25 Years Ago

(Taken from the files of The Canyon News of Oct. 23, 1930.)

Wilford Taylor and Irving Gamewell, candidates for the office of president of the student council at the high school, tied by votes of 89-89 in first balloting. The runoff was scheduled for the following week.

The Board of Regents for West Texas State announced that a graduate school would be established beginning in 1931 and masters degrees would be granted.

Alfred Friemel placed third in the hegari class of grain sorghums at the state fair in Dallas.. George Friemel placed fourth in the kaffir class.

The division highway engineer was ordered to pave the 1,300-foot gap just north of the underpass that was left unpaved when the highway to Amarillo was paved the previous year.

Miss Frances Usery played piano for a tea honoring Miss Anne McWilliams of Plainview.

On the honor roll at the high school for the first six weeks were Margery Tankersley, Bettye Sternenberg, Alice Smith, Roy Small, Kathryn Robinson, D. B. Pearson, Vincent Lockhart, Martha Anne Kiersey, Nan Johnson, Annie Johnson, Lena Wade Jennings, Oressa Hastings, Arma Lee Greenfield, Amogene Fowler, Velma Crawford, Rosa Cash, Ruth Burtz, Alton Brasuel, Maudeana Bishop and Clark Ash.

Soil Conservation District Views

The Randall-Potter Soil Conservation District has two main divisions of soils. The first is locally known as "High Plains Tigh Land" consisting of Pullman Silty Clay Loam; the other consists of rough land, suitable only for grazing.

According to Joe Batson, Work Unit Conservationist assisting the District, there are nine major units of soil to be found in the District. Soils are classified by depth, permeability, and texture. These are briefly explained as follows:

Depth—That portion of the soil that is readily penetrated by roots. Three depths were recognized and found in the District; namely deep soils are those which are more than 20" deep; shallow soils are those which are 10-20" deep; very shallow are those which have less than 10" of soil.

Texture—refers to the size of the soil particles in the surface soil. Two textural classifications are found in this District: fine includes the clays, silty clays, and clay loams; medium includes loams and fine sandy loams.

Permeability—refers to the ease in which plant roots, water and air move through the soil. Permeability is affected by texture, lime content, structure, organic matter and consistency. Two classes of permeability are recognized in the District. Slowly—these soils have clay subsoils and are fine textured at the surface. Moderately—these soils take up water rapidly and plant roots penetrate all parts of the profile with comparative ease.

Technicians of the Soil Conservation Service use soil, slope, and erosion conditions of the land to tell into what class of land each piece of land will fall.

Barley Casserole Warms Appetites on Chill Autumn Days

BY DOROTHY MADDOX

HERE'S a recipe for a dish of "something different"—a wholesome, flavorful mushroom-barley casserole. It's a perfect complement for roast fowl, or will stand on its own sturdy, nutrition-packed legs as a main dish in itself.

Mushroom-Barley Casserole (4 generous servings)

Two tablespoons butter or margarine, 1 tablespoon minced green pepper, 1 tablespoon minced onion, 2 cups chicken consomme or bouillon, 1⅔ cups medium-grain pearl barley, 3-ounce can chopped, broiled-in-butter mushrooms.

Melt butter or margarine in frying pan over moderate heat. Add green pepper and onion and let cook for about 1 minute. Add 1 cup bouillon and let come to boil.

Meanwhile, place barley in 1-quart casserole. When bouillon has come to boil pour over barley, stirring to mix in cooked pepper and onion.

Cover casserole and place in slow oven (325 degrees F.) for 45 minutes. Add remaining cup bouillon, which should be heated, and contents of can of mushrooms, stirring mushrooms through barley.

Bake until grains are of the desired tenderness, about 1 hour longer.

Corn pudding is always a good autumn dish. But here is a new version that's very special.

Special Corn Pudding (6 servings)

Three-ounce can sliced, broiled-in-butter mushrooms; 7-ounce can minced clams, 12-ounce can whole kernel corn, ½ teaspoon salt, ½ cup quick-cooking rice cereal, ¼ cup butter or margarine, 3 eggs, ½ cup light cream, 2 teaspoons baking powder.

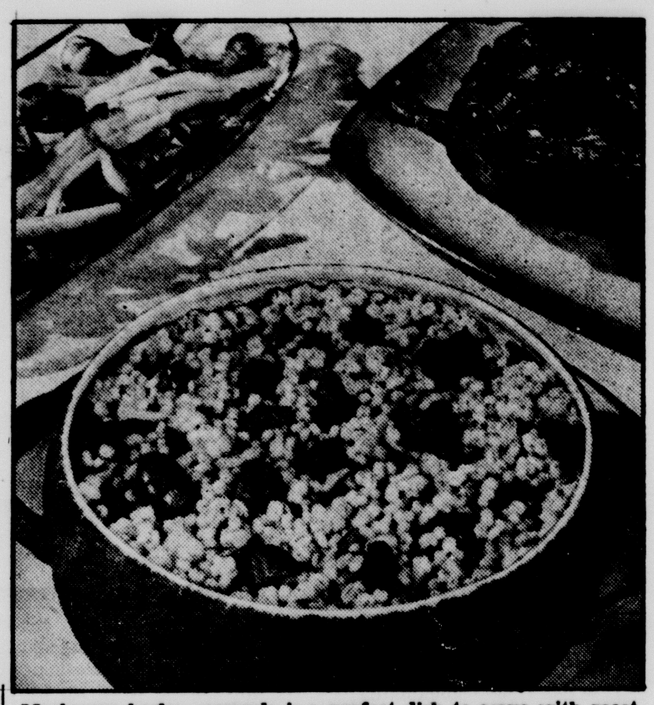
Combine broths from mushrooms, clams and corn. Add enough water, if necessary, to make 1¾ cups liquid.

Place in saucepan, add salt and bring to boil. Sprinkle in rice cereal so that boiling does not stop. Cook, stirring constantly, until rice thickens, about ½ minute.

Remove from heat and let stand, covered, for 3 minutes. Add butter or margarine and stir until melted.

Beat together the eggs, cream and baking powder until just smooth. Add mushrooms, clams and corn, then combine with hot rice mixture.

Pour into an oiled 6-cup baking dish. Bake in moderately hot oven (375 degrees F.) until lightly browned and puffed, about 45 minutes. Serve immediately for luncheon or supper dish.



Mushroom-barley casserole is a perfect dish to serve with roast fowl. Its flavor-packed wholesomeness will delight your family.

HOW ABOUT YOUR???

When buying a new car or TV set, you finally make your decision to buy one certain brand, you have decided on the one brand that you are sure will do the most for the money. Then HOW ABOUT YOUR INSURANCE? Do you have your insurance with the agent that will give you the most protection and service for your money? We can do just that. Let us show you.

United Nations Rotary Program

Students under Mrs. Dan Sanders who are studying the United Nations charter spoke Tuesday at the regular weekly session of the Rotary Club.

Jon Cross was moderator and presented four students who discussed the problems which confront United Nations.

Virginia Leake discussed the veto powers of the member nations, Nancy Tomlinson told of new members of the UN, Tom Wilbanks discussed how members represented the UN, and Jim Flynn closed the program by discussing the moral obligations of the United States to UN.

Hubert Green and R. Irving were introduced as Junior Rotarians for the month.

An inter-city meeting with the Hereford Rotary Club will be held on Nov. 4 at 6:45 o'clock at the college cafeteria before the annual football game between the Hereford and Canyon high schools. The Canyon Rotary Club will go to Hereford for a similar inter-city meeting in 1956.

Visitors were George Taylor of Portland, Ore.; Bob Lindsey of Borger; John McCarty, Phil Fowler, Harry Brown, A. J. Fowler, T. J. Smith, Bob Jennings, Edward Whitacre, Dr. Robert Brown, all of Amarillo; Capt. Harry Ball and Bob Lindsey Jr., of Canyon.

North Texas Woman Named 'Benefactor'

Mrs. H. S. Griffin of Wichita Falls has been named the ninth "benefactor" of the Panhandle-Plains Historical Museum.

To become a "benefactor" a person must give at least $5,000 in money or materials to the museum. Mrs. Griffin recently donated several paintings and lithographs to the museum, and a Wedgwood plate made for the Waggoner family before the Civil War.

Mrs. Griffin will be a guest of honor at the annual meeting of the society next May. She has also been invited to attend the Mountain-Plains Museum Conference in Fort Worth Thursday through Saturday.

Attending the conference from the society will be Mr. and Mrs. Boone McClure, Mr. and Mrs. J. Evetts Haley and Harold Bugbee of Clarendon.

Mrs. Griffin was named a "benefactor" of the museum at a called meeting of the executive committee of the Panhandle-Plains Historical Society recently.

Mother Deaths Drop in State

AUSTIN—If the death rate which prevailed in the United States in 1935 still continued, 24,000 American mothers would have died in child birth this year. Of that number, 1700 would have been Texas mothers.

But instead, because of advances in medical care during pregnancy, the 1955 death toll of women during child birth probably won't exceed 2000 for the U. S. as a whole and 135 for Texas.

If this were 1935, some 230,000 infants would meet death before their first birthday. More than 17,000 of them would be Texas babies.

But instead, due to a better medical and nursing care, the death rate among infants has been reduced to 100,000 for the nation and 7,300 for the state.

The figures are based on statistics maintained by the Texas State Department of Health. Health Commissioner Henry A. Holle said they emphasize the "great strides the United States—and Texas—has made in improving the prospect of life and health for mothers and children over the past 20 years."

Dr. Holle credited the Social Security Act, passed 20 years ago, as a contributing factor toward the reduction of infant and maternal death rates. Under terms of the Act, the Children's Bureau of the Department of Health, Education, and Welfare, makes annual grants to state health departments to finance programs of preventing deaths, diseases and disabilities in pregnancy and childhood.

The program is administered in Texas by the State Department of Health through its Division of Maternal and Child Health.

"Physicians, medical schools, nurses, research workers, health agencies, and parents all have played a vital role in the health achievements of the past two decades," the health commissioner commented.

Highlighted among these advances are drops in maternal mortality of 90 percent for the nation, and 92 percent for Texas in the period between 1935 and 1954.

In the same interval, national infant mortality dropped 50 per cent, while the rate in Texas declined by 57 per cent.

Religious instruction is urged to combat delinquency.

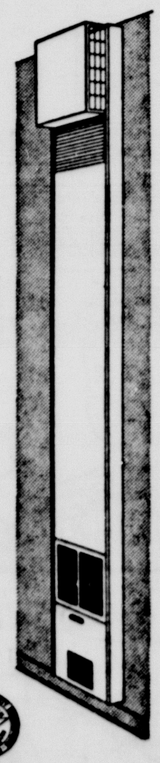
WILLIAMS Forsaire
COUNTERFLOW RECESSED HEATER

DO YOU HAVE A HEATING PROBLEM IN YOUR HOME?

UP SIDE DOWN HEATING



The Counterflow Principle used in the NEW WILLIAMS Forsaire takes the return air from the ceiling level, efficiently warms it and delivers it right down to the floor.

This compact heater is easy to install, either recessed in the wall (it fits between studs) or mounted on a wall or column.

The 8½" blower enables one Forsaire to heat a 3 bedroom home, a school classroom, a store or office. Use one or more to heat a factory or any large space.

DUAL OR SINGLE OUTLET

Lometa, left, and Margaret Odom of Dimmitt will play basketball together at Wayland College this year.

* * * * * * * *

Dimmitt's Odom Sisters Play Together For Wayland Hutcherson Flying Queens

PLAINVIEW—Wayland College's Hutcherson Flying Queens will this year feature a new sister team, in Lometa and Margaret Odom of Dimmitt.

Lometa has been a mainstay for the National AAU Champions for the past three years, while Margaret is beginning her freshman year at Wayland. Both girls received state-wide recognition while playing at their post-forward positions for the Dimmitt High School Bobbies.

Margaret lettered four years in high school, and during her last two years received All-District, All-Regional and All-State honors. Like four other freshmen playing for the Queens this year, she was valedictorian of her high school's graduating class the past year.

Lometa, a senior at Wayland this year, has made the All-American ranks for three straight years.

At 5'11", Lometa stands one inch above her younger sister. While at Dimmitt she was an equally valuable player for her high school. Three times she was named a member of the All-State team. Also while in high school she set a new Texas high scoring record with 78 points in one game.

The Flying Queens will be seeking their third consecutive National AAU Championship this year. Their roster is laden with talent which is expected to jell into another fine team, according to Harley J. Redin, director of athletics. Redin is being assisted in coaching the Queens by Smith Markham, former Wayland Pioneer star.

Seven Try for Sun Princess

Sun Princess honors at West Texas State College are being sought by seven coeds who have been nominated to represent WT at the annual Sun Carnival in El Paso Jan. 1.

Election will be held Thursday in assembly.

Nominated by petition of fellow students are Peggy Jones, Borger; Wanda Henderson, Phillips; Rosemary McDonald, Lockney; Fredie Carter, Sunray; Karen Buchanan, Floydada; Marilyn Mabry, Amarillo; and Bennie Trujillo, Channing.

WT's Princess will participate in the various Sun Carnival activities preceding New Year's Day, when a parade and Sun Bowl football game are featured. She will be guest at balls, concerts, and other programs.

Faye Wilson, Duncanville, is the Queens' only other All-American player this year.

Ex-Flying Queen star Ruth Cannon and Lometa are the only girls from the Wayland team, ever to receive this high honor three years in a row. Odom is favored to claim the title for the fourth time in this last year.

Alpha Chi Elects 23 New Members

Sixteen juniors and seven seniors at West Texas State College have been initiated into Alpha Chi, national honor society.

Eligible for membership are students in the upper ten per cent of their classes.

New junior members are Margaret Avent, Hereford; Olagene Baldwin, Wellman; Roy Byrd Jr., Canyon; Paul Caillet, Dallas; Carolyn Christian, Claude; Frances Cunningham, Canyon; Letha Fedric, Stratford; Patricia Starr Hall, Amarillo; Laura Graham, Canyon; Joanne Hill, Wayside; Robert W. Hunt, Portales, N. M.; Virginia Iverson, Canyon; John E. Miller, Canyon; Winfred Russell, Estelline; Betty Swettman, Amarillo; and Juanita Townsend, Canyon.

Senior initiates are Janis French, Borger; Gary German, Borger; Emily Joe, Amarillo; Lois Murphy, Canyon; Willetta Olds, Pampa; Frances Riley, Amarillo; and Norma Painter Williams, Cactus.

Promoted to senior membership were Barbara Beck, Amarillo; Jane Ann Hall, Briscoe; Eugene McGuire, Amarillo; and Alice Wilkinson, Shamrock.

Other members include Inelle Cox, Clarendon; James Clifton, Amarillo; Leroy Dickerson, Canyon; Betty Evans, Amarillo; Bill Hunter, Dimmitt; James A. Morgan, Borger; Beth Smith, White Deer; Gene Wright, Amarillo; and Eddie Seaman, Stratford.

QUEENLY—"There is nothing queenly about cheesecake pictures," says Sharon Kay Ritchie, Miss America of 1956. From now on America's beauty queen, who hails from Denver, Colo., will be photographed in more conventional garb such as she wears in this picture, taken atop a New York City hotel.

WATER STILL WASHES

The extension of a power line at last bringing the blessing of electricity to her remote mountain village, a woman went into the city to purchase an electric washing machine.

She exclaimed the new-fangled contraption with wide-eyed but somewhat distrustful interest, and then inquired of the salesman, "What's that there hole in the bottom for?"

"That," explained the salesman, "is for draining out the water."

"I thought it was a fake," the woman exclaimed disgustedly. "It don't wash by electricity after all, you gotta use water!"

One of the noisiest spots in any of the oceans is off San Diego, Calif., according to a Naval Electronics Laboratory spokesman. Untold numbers of shrimp snapping their claws make the racket. Submarines can often evade detection by electronic equipment under cover of the noise.

The U. S. is holding money supply under control.

NO TIME ON HIS HANDS—Fingering his wristwatch, a busy Vice President Richard M. Nixon pauses briefly to talk with reporters outside the White House. Nixon's free moments are few these days, under the increased work load caused by President Eisenhower's necessarily long convalescence from his heart attack.

Hunt Drawing Plan Given

AUSTIN—Varying procedure for hunters' application for public hunt drawings was outlined by E. A. Walker, director of Wildlife Restoration, following recent Game and Fish Commission approval of a plan to harvest surplus game on wildlife management areas.

Nimrods may participate in only one shoot and each may hunt only one day.

Correspondence should be addressed to the Game and Fish Commission, Walton Building, Austin, Texas.

For the Kerr Area Hill Country harvest, applicants should state deer sex preference. Hunts will be Nov. 16 through Nov. 22 and Nov. 25 through Nov. 29. Applicants successful in the drawing will be notified concerning the day they may hunt.

For the Engeling Area, near Palestine in Anderson County, applicants merely apply for a permit and then draw on the grounds to determine which may try for an antlered or anterless deer. Hunt dates are Nov. 16 through 20 and Nov. 29 through Dec. 3.

The Kerr Area hunt calls for harvesting 186 deer and the Engeling Area is pegged for bagging 150 deer.

A drawing also will be held for the Black Gap Area in Brewster County where 25 buck mule deer will be taken along with 30 to 50 javenila. Hunters may not take both deer and javelina there. The shoot will be within the regular West of the Pecos season, Nov. 20 through 25.

Applicants must be at least 17 years of age and must have their regular $2.15 hunting license to participate. No application will be accepted after midnight, Oct. 31.

Walker pointed out that this fall's record program of public hunts will necessarily have to be closely supervised to limit the harvest and also to safeguard participants.

He explained that the safety angle prompted the Commission's decision to limit the public hunts to persons 17 or older. "We simply haven't the personnel to properly police the areas with inexperienced youngsters taking part," said the director.

The fall public shoots are on a much larger scale than the first hunt held on the Kerr Area last fall when 50 surplus bucks were designated for harvesting. Approximately 5,000 persons applied for a permit in the first hunt. Judging by that great display of interest, said the director, it is assumed several thousand will apply for the 1955 shoots.

"We appreciate the interest in these events," said Walker. "This sentiment bodes good for our experimental-demonstration program which is a key part of the overall wildlife restoration movement."

Wayside Exes to Return Annually

Ex-residents of Wayside voted at the Wayside Homecoming Oct. 16 to make that day an annual affair. The official Wayside Homecoming date was set for the third Sunday in October.

Officers elected for the ex-residents' organization were Henry Hamblen, president, Robert Adams, secretary and treasurer, and Mrs. W. R. Franklin, corresponding secretary.

Exes welcomed Oct. 16 were from Brownfield, Borger, Gruver, Plainview, Tulia, Happy, Clarendon, Amarillo, Claude, Canyon, Vigo Park, Fairview, Banning, Calif., Bard, N. M., and Gunnison, Colo.

Among the group were 13 ex-school teachers and four pupils of the first Wayside school which was called Buelah School. The four former students were Mrs. Allie McSpadden Bradford, Annie McSpadden, Mrs. Bessie McGehee Lane, and John Rice. The first teacher was Miss Sallie McGehee.

A dinner was served at 1 p. m.

Mr. and Mrs. Dick McDonald and daughter arrived Monday of last week from England where he has been in the Air Force for several months. His parents, Mr. and Mrs. Bryan McDonald, met them in New York. Dick will attend WT next semester.

National President To Visit WT DSF

Richard Dickinson, president of the National Disciples Student Fellowship Ecclesia of Christian Churches, will visit the DSF organization at West Texas State College Monday and Tuesday.

Dickinson, student at Bethany College, W. Va., currently is visiting student groups throughout the nation for the Commission on Campus Christian Life.

His visit to WT is sponsored by the Christian-Presbyterian Student Center, where he will speak at vespers Monday and Tuesday nights. Dickinson will speak at a dinner in the Blue Room of the cafeteria Tuesday at 5:30 p. m., and will be available at the center for conferences.

Dickinson is a member of the football team at Bethany, the association of ministerial students, and is chaplain of Sigma Nu fraternity. During his junior year he was chosen by the faculty as the outstanding man in his class.

No. 452
In The Matter of The Estate of Spurgeon McDougal, Incompetent
In The County Court of Randall County, Texas
To All Persons Interested in The above Incompetent or His Estate:

You are notified that I have on the 24 day of October, 1955, filed with the County Clerk of Randall County, Texas, an Application under oath for authority to make an Oil, Gas and Mineral Lease with pooling or unitization provisions on that certain real estate belonging to such Incompetent, described as follows: An undivided ⅛ interest in and to W/2 of Survey 27, Block 11, H&TC Ry Co. Survey, Wilbarger County, Texas; that Roy Joe Stevens, Judge of the County Court of Randall County, Texas, on the 24 day of October, 1955, duly entered his order designating the 7 day of November, 1955, at 10 o'clock A.M., in the county court room in the courthouse of such county as the time and place when and where such application would be heard and that such application will be heard at such time and place.

MRS. GRACE LEE McDOUGAL
Grace Lee McDougal, Guardian of the Estate of Spurgeon McDougal, Incompetent 29t1

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: ANN STRAIT, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Randall, County at the Courthouse thereof in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 12th day of December A.D. 1955, to Plaintiff's Petition filed in said court, on the 25th day of October A.D. 1955, in this cause, numbered 3024 on the docket of said court and styled J. R. STRAIT, Plaintiff, vs. ANN STRAIT, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: A suit for divorce on the grounds of cruelty, which were of such a nature as to render their further living together insupportable, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 25th day of October A.D. 1955.

Attest: MAVIS HILL, Clerk, 47th District Court
Randall County, Texas
(SEAL) 29t4

"With four children, you want to heat water the SAFE WAY . . . *of course, it's Electric!*"

says Mrs. Roy N. Byrd, Jr.
1209 20th STREET,
CANYON, TEXAS

"When Roy and I picked a water heater for our new Canyon home, the safety of our four children was the first consideration. We had two electric water heaters at our farm, so we knew that we could be safely sure with an electric water heater in our new city home."

"I was really surprised when one new 40 gallon electric water heater proved to be enough in our new home—especially after having two. But, we've never run out."

"My clothes washer works every day — at least once — and yet the water heater keeps up with it and the dishwasher, too, which I use at least two times every day."

"Then, at the sink, I'm always using hot water for cooking, to prepare food for the freezer, or to wash out things for the children. There's always enough."

"Four children can produce a lot of dirty hands — and keep the baths busy. We have a shower and a tub so that we can clean them up in shifts—and that takes lots of hot water."

"My electric water heater gives me plenty of hot water, an extra counter space, and a feeling of complete safety about my children. It goes perfectly with the other work-saving electric appliances in my home."

"SMOKE SCREEN" FOR THE ATOM AGE—HMS Cumberland appears to be on fire as the British cruiser steams through exercises off the island of Malta in the Mediterranean. "Smoke" is actually mist from a special sprinkling system which keeps the entire ship wet down. Purpose of the spray is to wash away atomic fallout in event of an atomic attack.

Nine Texas Boys Killed Hunting

AUSTIN—Failure of adults to properly guide youngsters in gun training seems mainly responsible for a high hunting accident rate this fall, reported Howard D. Dodgen, executive secretary of the Game and Fish Commission.

Thirteen gun fatalities to date, he said, found only two adults responsible and they died of self-inflicted wounds while hunting. Another adult was killed by a stray bulletin fired by a 16 year old.

A mother died instantly when her 11-year-old son lost control of an automatic 12 gauge shotgun as he fired at a squirrel.

The nine other fatalities, according to the executive secretary, involved boys in their lower teens hunting with other boys without supervision.

Four of the fatalities involved .22 rifles, a favorite weapon of youngsters.

Included in the other fatal accidents were a 10-year-old boy who was pulling a .410 shotgun toward himself as he removed it from a car when it was discharged; a 13-year-old boy whose rifle was discharged into his own body as he crawled through a fence and a 13-year-old boy who threw his loaded gun hard over his shoulder after shooting at a squirrel causing it to fire and kill a 15-year-old boy walking behind him.

One 15-year-old boy hunter was unloading a .22 rifle when it was discharged, killing a 14-year-old companion.

Some time worn causes were connected with non-fatal accidents already reported. A 16-year-old boy picked up a loaded, cocked gun by the barrel and it was discharged striking him in the chest. A 20-year-old lad was shot in the legs when a companion fell down crossing a ditch and discharged his shotgun.

"It's pretty rough," said Dodgen, "and the 13 gun fatalities to date this hunting season compares with only 17 fatalities reported all last year. But hunting is the oldest custom and certainly is here to stay.

"But it does seem that we are asking too much when we send mere unescorted youngsters out with their own crowd with assorted firearms and expect them to observe safety precautions which simply are beyond their own capacity."

He said the toll certainly calls for cooperation by parents and persons interested in permitting youngsters to fully enjoy the outdoors.

Fairview Breezes

Mr. and Mrs. Bobby Boid of Portales visited Saturday night and Sunday with the Woodrow Wesleys.

Thomas Martin Boyd has received his discharge from the Army and visited last weekend with his grandparents, Mr. and Mrs. George Lashes and with his aunt, Mrs. Woodrow Wesley.

Mr. and Mrs. E. M. Wilson and Darrell attended the homecoming at Wayside Sunday.

Mrs. Wiley James and son, Neal, visited a friend in Tulia recently.

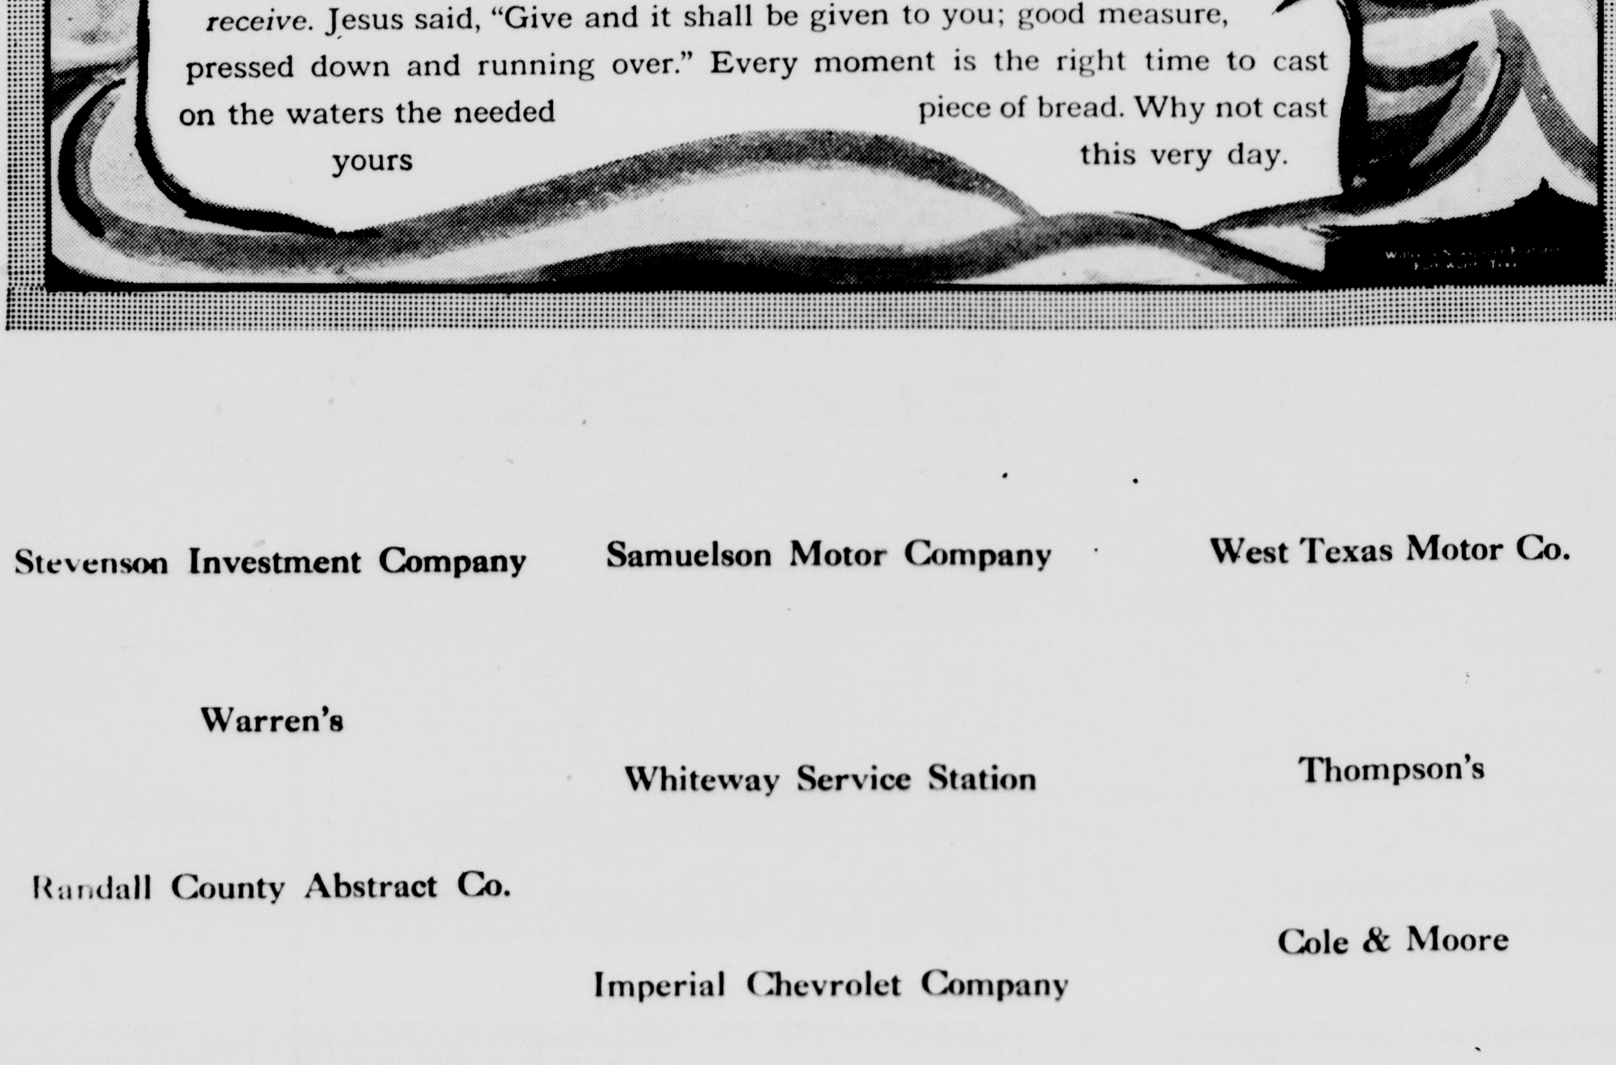
At the home demonstration club meeting Friday afternoon, Mrs. Hildreth gave a demonstration on kitchen equipment. Mrs. Oscar Read was hostess.

A guest in the home of Mrs. Oscar Read is a cousin from Hale Center.

WASN'T THERE

"So McDodge lost his mind, you say?"

"Sure, he did. Went crazy trying to find the shady side of the street at noon."



CAST your BREAD
"He shall be blessed that giveth his bread to the poor," Prov. 22:9. Have you ever tried this formula? It works! Compassion of American service men for little war orphans is bread that will come back to America some day. A mischievous college boy was given another chance. Years later, the wealthiest man in his state, he paid off his Alma Mater debt. Giving is not losing. To give is to gain. Generosity expands the soul, gives one more capacity to receive. Jesus said, "Give and it shall be given to you; good measure, pressed down and running over." Every moment is the right time to cast on the waters the needed piece of bread. Why not cast yours this very day.
